THE MANNA MISSION:

Especially for people at acute nutritional risk due to life-threatening illness, MANNA (Metropolitan Area Neighborhood Nutrition Alliance) prepares and delivers nourishing meals and counsel, empowering individuals to battle illness and improve their quality of life.

In a year, MANNA:

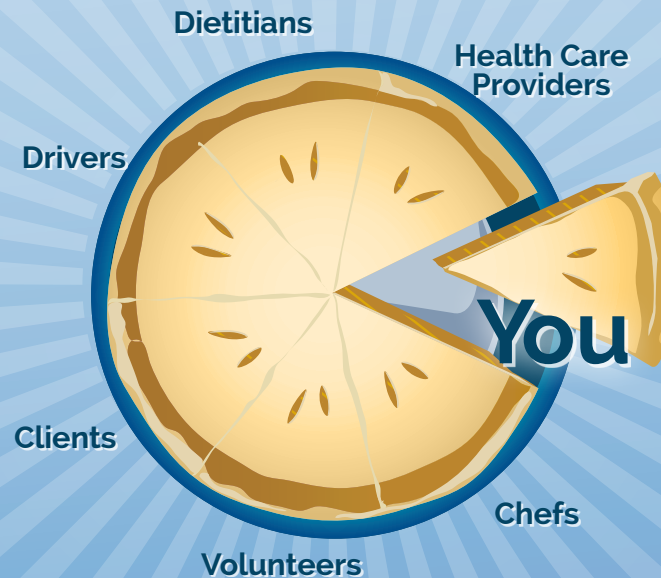

- Brings together over 4,000 dedicated volunteers to prepare almost one million meals that give nourishment, strength, and support to our neighbors battling illnesses like HIV/AIDS, cancer, renal disease, and diabetes.
- Provides medically appropriate nutrition, delivering 3 meals per day, 7 days per week, to the homes of our clients.
- Empowers people to use food as medicine to improve their health, offering nutrition counseling with our Registered Dietitians, who help clients learn to manage their diseases and dietary needs for a healthier future.

MANNA's Food is Medicine model has helped thousands of our neighbors battle illness, delivering the nutrients they need to fuel them from sickness to health. Our meals are based in science and prepared with love, bringing nourishment and support to those who need it most.

Find out more about MANNA's programs at www.mannapa.org.
